Best Teacher

Mhairi Cairns

イギリス英語

Hello, everybody. My name is Mhairi, and I originally come from England but live now in Bali in Indonesia.

I am a full-time teacher already, and I've been teaching people all over the world for a number of years now, including Japan. And I love teaching English to foreign students. I hope that I can help you in a class.

When I'm not teaching, I like going whitewater rafting, and I also like dining out, watching movies--love watching movies--reading books, and I have a passion for baking cakes, unusual cakes. At the moment, I'm trying to create a cake--a wedding cake for a friend of mine--made entirely out of fruit. Hopefully, I can share the pictures with you when it's all done.

Hope to speak to you soon. Take care. Bye-bye.

ワールドトーク

Ami

日系アメリカ英語

Hello, everyone! Worldtalk is an online English-lesson service using Skype, and most of our teachers are Japanese people who are bilingual. So, if necessary, you can ask questions in Japanese during the lessons anytime. Even if you are not used to speaking in English, you can relax and take the lessons. Just the same as their students, our teachers have struggled very hard to learn English, but they have succeeded and are now fluent. So they can share their learning techniques and tips based on their own experiences.

One of the most important ways to acquire English is to be constantly learning. To do this, we need to have fun while learning. We have many unique teachers, including a teacher who has been on a Hollywood TV drama, one who is a singer-songwriter, and one who works on Wall Street in New York.

See you soon on Worldtalk!

大人の英会話倶楽部

Juliet

フィリピン系アメリカ英語

Hello, everyone! This is teacher Juliet. I am 29 years old, and I have been teaching English to foreign students for seven years now. I am equipped with ample experience when it comes to teaching IELTS, TOEIC, OPIc, business English, and general English. In addition, I can also speak basic Japanese. I studied the language for a few months prior to working in Hiroshima for three years.

I also learned Japanese culture, not to mention traditional food, cultural and historical places, festivals, and their way of living as a whole.

Lastly, I believe that it is a fantastic opportunity to become a teacher to make a difference in people's lives, giving them essential English skills that make them inspired in this changing world. Hopefully, you will consider me well rounded.

Scott Perry Academy

Scott Perry

標準アメリカ英語

Hello there. My name is Scott Perry, and I represent the Scott Perry Academy.

The Scott Perry Academy is based on 30 years of English education and pronunciation perfection. We are a pronunciation-based English-conversation school and a pronunciation training school. We only teach standard Midland American English, with native speakers that speak Midland American English.

A minimum pronunciation level is required to join the main conversation program. The Scott Perry Academy is a *katakana*-free environment created for students that wish to speak clear Standard English. Students that do not qualify initially can still join, but they must watch our mandatory pronunciation training videos to improve.

As for me, I specialize in English pronunciation training. I help many people, especially the popular Japanese singers and movie stars for Hollywood movies. If you too want to speak with confidence and sound native, then you have found the answer.
